Public Facing Advocacy Writing

In February, a team of bipartisan lawmakers in both the House and the Senate introduced companion legislation to abolish Ohio's death penalty. We strongly support this effort and are eager to see the bills advance through the committee process.

Capital punishment is inequitable, inhumane, and ineffective. It has far more to do with geography, money, and race than anything resembling justice. States across the country are backing away from it. Ohio should be next.

TAKE ACTION: Tell the Senate Judiciary Committee to support, advance, and eventually vote YES on SB 103. Let's abolish the death penalty once and for all.

ABOUT HONORIFIC TITLES

Many public officials use "web mail forms" that this system will send your message to, so you don't have to visit their web sites to communicate with them. The systems that some of these officials use requires that the honorific field be used (Mr., Mrs., Miss, etc.).

Unfortunately, we do not have control of which honorific titles are presented as options. We must adhere to what the officials are using in order for your message to be delivered.

Alternate Salutation - None -

Most elected officials constituent email systems accept a very limited set of salutations. Please select the one you would most prefer.
