[Hannah Kubbins](#) / December 7, 2016

On Monday, OTSEs executive director Kevin Werner and I met with the Governors Counsel who is preparing clemency materials for Governor Kasich regarding the execution scheduled for January 12, 2017. Its going to take a lot of effort to get the Governors attention, but that is what we are doing together! Heres how:

*In the mail: 23 packets of 10 postcards in each, 21 packets with 25 cards. Eight packets with 50 cards, six with 100 in each, and five with 250 postcards. How many can we send to you?*

Yesterday Emily and I mailed nearly 70 packets containing more than 3300 No Need to Execute postcards to all corners of Ohio. Individuals, civic groups and faithcommunities have agreed to purchase stamps locally and mail the postcards individually, as they are signed. Our goal is to create a steady flow of these postcards into Governor Kasichs office from now until the week of the scheduled execution.

Its not too late.[Click here](#) to order your cards and to take additional action.

#1 [Click here](#) to e-mail Governor Kasich. Then CALL HIM as well, at 614-466-3555 [Click here](#) to download a flier you can copy to post and distribute.

#2 Share this message on your social media:

*Will #Ohio resume executions? Tell @JohnKasich we can be safe and punish murderers without more killing*  
<http://action.otse.org/page/speakout/tell-gov-kasich-do-not-resume-executions>

#3 Help OTSE cover the cost of printing and mailing these cards to local activists as well as our ongoing work. If you (or your community) can send more, we can do more. Invest on-line [here](#).

Other ideas for action, including a sample bulletin announcement, are [here](#).

Thank you. Together we will make the difference.
