## Policy Issue Resources

In order for a child to be fully reintegrated into society and to assume their maximum constructive role, he or she must have the same rights and privileges enjoyed by their fellow citizens.

We advocate for states to restore the right to vote to formerly incarcerated children who have reached the minimum age for voting upon his or her release from custody.

Human Rights for Kids is a non-profit organization dedicated to the promotion and protection of human rights for children. Our team focuses on advancing critical issues through research and education, coalition building, policy advocacy, and strategic litigation.
