Campaign and Advocacy

We know it is sometimes hard to find information or help when setting up a new account to visit or communicate with a loved one in IDOC. Here is a little helper we put together that gives some basic information on how to video visit.

Go to <https://ildoc.gtlvisitme.com> to set up an account.

Once you have an account, you can login and arrange visits 7 days in advance for up to 30 days depending on the facility.

As of today (3/17/20) at some facilities, visits are restricted to 15 minutes and cost \$3.75. In most facilities, visits are 25 minutes for \$6.25 or 55 minutes for \$13.75.

To arrange a visit, go to the same website, <https://ildoc.gtlvisitme.com/>

See image below for what your home page should look like:

If you have any problem visiting, you may need to contact the facility to get help.

[Here is the IDOC web page on video visitation](#), including their rules and guidelines.

I've never received an email. Do you know what I should do next.

Did you create an account? If you did and it's not working, contact the specific facility. Please let me know if you still don't have an answer after that.

I registered and was informed that I would receive an email. Nothing has been received yet.

I have a hp chrome book how can I download it to my laptop
