Mission: The Sentencing Project advocates for effective and humane responses to crime that minimize imprisonment and criminalization of youth and adults by promoting racial, ethnic, economic, and gender justice.

Our policy priorities envision the full inclusion in society of people with criminal records and an end to extreme punishments. Our aim is to center the leadership, voices, vision, and experience of those directly affected by mass incarceration to make the rationale for systemic change vivid, credible and compelling.

Help end mass incarceration by letting your representatives know that you stand for responsible criminal justice policies.

Support The Sentencing Project with a tax-deductible contribution and help us work for a fair and effective criminal justice system.

Connect with The Sentencing Project's state and local partners to join criminal justice reform efforts in your area.

As a non-profit 501(c)(3) organization, individual donations provide vital support for The Sentencing Project as we work for a fair and effective criminal justice system. Your contribution will make a difference today.
