Finale Event for Exhibition of Photo Requests from Solitary at Brooklyn Public Library Celebrates Creative Collaboration That Spans Prison Walls

by [Valerie Kiebala](#) | June 13, 2019

[Photo Requests from Solitary](#), an art project sponsored by Solitary Watch, invites people in solitary confinement to request an image of anything, real or imagined, and finds volunteers on the outside to make the images for them. Since April 20, a special [site-specific exhibition](#) of Photo Request from Solitary has been at the Brooklyn Public Library, organized around the question, What would someone in solitary confinement want to see?

During the exhibition period, project organizers encouraged viewers and others to create as many images as possible to fulfill open requests, and upload them to the project website. We received dozens of photographs, drawings, and Photoshopped images created for people in solitary confinement. A few samples appear below.

On June 20, Brooklyn Public Library will host a finale event for the exhibition, which ends on July 1. A roundtable of artists, designers, advocates, and a survivor of solitary confinement will present requests and images and lead a discussion about the project, art and activism, solitary confinement, and mass incarceration, while celebrating the imagery made through a creative collaboration that spans prison walls. Participants who have filled requests during this exhibition are invited to come and present their work at the finale event.

The event is free and open to the public, and all are welcome. Please come early or stay late to view the exhibition! **If you plan to attend, please register for the event here:** <https://www.bklynlibrary.org/calendar/you-made-what-they-wanted-central-library-info-20190620>.

Accurate information and authentic storytelling can serve as powerful antidotes to ignorance and injustice. We have helped generate public awareness, mainstream media attention, and informed policymaking on what was once an invisible domestic human rights crisis.

Only with your support can we continue this groundbreaking work, shining light into the darkest corners of the U.S. criminal punishment system.
