It's been a year since George Floyd was killed at the hands of police violence, sparking a critical nationwide reckoning on racial justice in America. His tragic death shined a spotlight on what The Sentencing Project has known, and fought against, for 35 years: our criminal legal system was built on, and continues to uphold, racism.

So while it was a year of change and challenges for The Sentencing Project and our country we are proud to say that our mission, commitment and focus remain the same. With your support, we are transforming our racist, broken criminal and juvenile legal systems.

I'm pleased to announce the release of our [2020 Annual Report](#) where you can learn more about our program successes this past year:

Children in the United States has a parent in prison
